

KATHIRAVAN

iOS Developer

Chennai, India · 8778916536 · kathiravan.iosdev@gmail.com · <https://www.linkedin.com/in/kathiravangh97/>

PROFESSIONAL SUMMARY

Results-driven iOS Developer with 3.2 years of hands-on experience building and shipping production-ready mobile applications using Swift, SwiftUI, and UIKit. Proficient in MVVM architecture, Combine-based reactive programming, and async/await concurrency. Skilled in integrating Apple frameworks including HealthKit, CoreBluetooth, App Intents (Siri), and StoreKit 2. Experienced with Firebase services, RESTful API integration via Alamofire, and App Store deployment. Comfortable working in agile teams using Jira and Xcode Cloud CI/CD. Committed to clean code, Apple Human Interface Guidelines, and continuous learning.

TECHNICAL SKILLS

Languages: Swift

UI Frameworks: SwiftUI, UIKit, AVKit, WebKit

Architecture: MVVM, Protocol-Oriented Programming

Reactive / Async: Combine, async/await, @Published, ObservableObject

Apple Frameworks: HealthKit, CoreBluetooth, App Intents (Siri Shortcuts), StoreKit 2, CoreData, CoreLocation, UserNotifications

Networking: Alamofire, URLSession, RESTful APIs, JSON Decoding

Security: AES-256 Encryption (CommonCrypto), iOS Keychain

Firebase: Push Notifications (FCM), Analytics, Crashlytics

Payments: StoreKit 2 (In-App Purchase), RazorPay, CC Avenue

Tools & DevOps: Xcode, Xcode Cloud (CI/CD), TestFlight, Bitbucket, SourceTree, Jira, Figma

Databases: Core Data, UserDefaults

Other: App Store Submission, Apple HIG

PROFESSIONAL EXPERIENCE

iOS App Developer

Oct 2024 – Present

Gritsys Technologies Pvt Ltd

- Developed Harvis, a health & wellness iOS app in SwiftUI using MVVM and Combine; built separate patient and doctor user flows driven by a shared AppRootManager state machine.
- Integrated CoreBluetooth to receive real-time vitals (Heart Rate, SpO2, HRV, Blood Pressure, Temperature, VO2 Max) from a BLE wearable ring device and display live data in the UI.
- Implemented HealthKit to read sleep stages (REM/Deep/Core/Awake), heart rate, SpO2, HRV, and workout data; wrapped callback-based APIs in Combine Future publishers for reactive data flow.
- Built Siri shortcut integration using App Intents framework: implemented LogFoodIntent (Nutrition) with voice phrases, AppEnum duration picker, and SiriTipView in the Nutrition screen.
- Developed AES-256 CBC encrypted API payloads using CommonCrypto with keys and IV stored securely in iOS Keychain.
- Implemented In-App Purchase subscription flow using StoreKit 2 async/await API with server-side receipt validation via Alamofire.
- Integrated Firebase Push Notifications, Analytics, and Crashlytics for user engagement tracking and app stability monitoring.
- Participated in CI/CD workflows using Xcode Cloud for automated builds and TestFlight distribution; managed sprint tasks via Jira.

iOS App Developer

Jan 2023 – Sep 2024

Saveetha School of Engineering

- Designed and developed iOS applications end-to-end from Figma design review through development, testing, and App Store submission, adhering to Apple Human Interface Guidelines.
- Built SIMATS Transport app; applied the Navigation Coordinator pattern to separate routing logic from views, reducing UI load times by 30%.
- Developed PCOS Medical App — a women's health tracker with personalised symptom monitoring and doctor-enabled remote tracking features.
- Delivered PORA, E-Magazine, HR App, Housekeeping, and Computer IT Inventory apps; maintained version control using Git and SourceTree on Bitbucket and GitHub.

PUBLISHED IOS APPLICATIONS

Harvis — Health & Wellness · Gritsys Technologies

SwiftUI · MVVM · HealthKit · CoreBluetooth · App Intents · StoreKit 2 · AES-256

Health companion with BLE vitals streaming, HealthKit sleep analysis, Siri food/activity shortcuts, and subscription management.

SIMATS Transport · Saveetha School of Engineering

SwiftUI · Navigation Coordinator · REST API

Campus transport tracking app. Navigation Coordinator pattern cut UI load times by 30%.

apps.apple.com/in/app/simats-transport/id6497793019

PCOS Medical App · Saveetha School of Engineering

SwiftUI · HealthKit · Firebase

Women's health app with personalised PCOS symptom tracking and doctor-enabled remote monitoring.

apps.apple.com/in/app/pcos/id6717590279

EDUCATION

Master of Business Administration (MBA)

2022

Madras University, Chennai · Grade: 75%

B.Sc. Computer Science

2018

Dr. M.G.R. University, Chennai · Grade: 68%

CERTIFICATIONS

- SwiftUI Fundamentals – Building robust, visually rich iOS apps using Apple frameworks and declarative UI patterns.

ADDITIONAL EXPERIENCE

Branch Manager

Jan 2020 – Aug 2022

AHAM Housing Finance

Relationship Officer

Sep 2018 – Jan 2020

Hinduja Housing Finance

PERSONAL DETAILS

Date of Birth: December 4, 1997

Marital Status: Married

Languages: English, Tamil

Location: Chennai, India
